

The *RIGHT* Medication The *RIGHT* Dose At the *RIGHT* Time

Features:

- Available in standard and perforated packaging
- Color-coded cards
- Tri-fold flap for a consolidated label
- Bar coded punch cards for medication verification and tracking
- Perforated provides individual compartments which can be labeled with patient's name, date and time to be administered and name of drug, strength, dosage form and quantity
- Multiple blister sizes available

Benefits:

- Large blister is suitable for multiple medications; up to 14 tablets
- Color-coded so you know when to take your medication
- Bar coded punch cards for safe and accurate dispensing of medication
- Perforated card allows individual doses to be removed and allows patient to take it with them.
- Foil backing allows the ability to print drug information on individual containers
