

# OPTI-PAK

## Features:

- MAP Compliant disposable single dose package
- 7 day and 14 day single dose punch card
- Compliance format printed with the days of the week or numbered PRN
- White punch cards with color-coded labeling to indicate time pass
- Disposable packaging system made from high-grade materials

## Benefits:

- Hygienic, single use product. No cleaning or label removal
- One product will accommodate 7/8 or 14/16 day cycles
- A punch card system that does not require changing medication carts
- Compliance enhancing system for ease of use and administration
- Increases operational efficiency in the individual programs
- Tamper evident. You can clearly see whether a medication has been taken or is missing from the punch card
